Meeting Attendance...

25 members, attended the February meeting and we were fortunate to share our evening with Lorrie Cook, Corinda Moeller, Nicole Tennant, Becky Jett, and Michelle & Morgan Washburn. Jay Pless was a guest of Dean Smith, and Kurt Johnson, Bob Dupras guest, was voted in as a new member! **Welcome aboard** and our President will ensure you get your CBC hat by the next meeting.

Presidents Corner...

We had an excellent program at the February meeting. Bob Riley really presented some informative facts and suggestions regarding transmissions and how to keep them running. Good Luck and Good Fishing to our BASS team. I know you will represent the club well. The scholarship selection process has begun at Texas State. We should have a deserving student identified and scholarship awarded by the next meeting.

Regards
Gary

CBC Business...

Bob Riley gave a great presentation on automatic transmission do's and don'ts while pulling our bassboats. Thank you Bob for coming by it was great to see you again.

January Tournament Results... Bastrop

Tournament and Big Bass Awards

1st Place Tim Cook 4 bass 10.76 lbs.

Rod: Waterloo

Line: Spiderwire Fusion 12/24

Bait: Yo-Zuri rattlin' Vib in red crawfish with one red #4 hook on front
Most of the day random casting the hydrilla around the island. Caught my first fish doing this which was also the largest. Later in the day 1pm-2pm Caught the other 3 fish on a grass line that went from 4ft to 14 ft. Used a marker bouy to position the boat in the right location to catch these fish. Also began working the bait more methodically through the grass down to 14ft.

2nd Place Milton Thompson 5 bass 10.67 lbs.

Rod: 7' 6" BassPro Extreme

Line: 20lb Big Game with 15lb Fluorocarbon leader Weight: 1/2 oz tungsten bullet

Reel: curado FS

Hook: Gamakatsu red 4/0

Attractant: Carolina Lunker Sauce- Threadfin Shad

I started at the Church Hump where I had found fish in prefishing in around 14' . I was having a hard time drifting over the areas I wanted to after the wind picked up so I ran out a little further into about 25-30ft and I figured by the time I got set up and got my Carolina Rig down I would still be a little deeper than I wanted and I would be able to drift over the depth I wanted to. Surprise!! I started catching fish at 18-25' instead of the 14' I thought they would be. So I spent the rest of the day working around Church Hump and the next cove down around the shoal in 18-25' and managed to catch a limit.

3rd Place Brooks Kersh 3 bass 11.96 lbs.

Jim swisher and I started out at the grass island and spent 1-2 hours there at various locations using mostly rattletrap with red hooks with not so much as a dink. We decided to go fish some of the main lake points and coves back up river. As I pulled up to the first point, I caught my first bass on a BPS red flake sticko with the tail dipped with basspro hm54 graphite rod with curado reel with 12 lb big game. Another cove we pulled into produced the rest of my two fish and I lost one. Jim did catch a 14.5 in. bass but we got each other confused with Spec limits when we were communicating in smaller increments--before I could stop him he had released the fish. Later at the weigh in he noticed how slow the fishing was for everybody and his fish would have competed. i have been bragging about how good the fishing is on some of these lakes but we have not had a time when they have bit like pirranah yet.
